EMBARGO PERIOD: If you are considering submitting your work (dissertation, capstone, etc.) to a publication, be aware that some publishers reject works that are already available through open access archives like ScholarWorks. You may request an embargo in the availability of your work to allow yourself time to pursue outside publication.

STUDENT AGREEMENT

I represent that this submission is my original work. Proper attribution has been given to all outside sources and I have obtained all needed permissions from any third party copyright owners. I hereby grant to Bellarmine University a non-exclusive irrevocable and worldwide license to store, reproduce and distribute my work in whole or in part in all forms of media, now or hereafter known for archival purposes. In addition to the unrestricted display of the bibliographic information and the abstract, the student and committee/program agree that the above mentioned work be placed in the ETD archive with the following status:

 I authorize immediate open access to my work through Bellarmine University's ETD archive.

 X I request that Bellarmine University embargo (restrict) access to my work for:

 X 1 year Other (requires permission Program Director)

I understand I can request a one year extension by contacting the Program Director. After the embargo period the work will automatically be made accessible.
